

# Using Set Builder and Interval Notation

## Symbols used in Set Builder and Interval Notation

To Show	Set Builder	Interval
Less than	$<$	)
Greater than	$>$	(
Less than or Equal to	$\leq$	]
Greater than or Equal to	$\geq$	[
Union	or	$\cup$
Intersection	and	$\cap$

To exclude a number on a number line use a parenthesis or an open circle.

To include a number on a number line use a bracket or a closed circle.

**Example 1:** Show all real numbers between -3 and +2, with -3 excluded and 2 included.

**Set Builder Notation:**  $\{x \mid -3 < x \leq 2\}$

**Interval Notation:**  $(-3, 2]$

**Example 2:** Show all numbers less than or equal to -5, or greater than +3.

**Set Builder Notation:**  $\{x \mid x \leq -5 \text{ or } x > 3\}$

**Interval Notation:**  $(-\infty, -5] \cup (3, \infty)$

**NOTE:** Use parenthesis with  $-\infty$  and  $+\infty$
